

Flying Over Willowbrook

Niki Fables • Ages 7-12 • Bonus Story

Nia said yes.

Now she soars above the rooftops of Willowbrook, wind in her hair and her whole village glowing gold beneath her. Aelira's wings beat steady and sure, carrying Nia higher than she ever imagined she could go.

From up here, the world looks different: smaller, softer, and full of wonder. This is only the beginning of Nia's journey to earn her own magic.

Color this scene, then read Nia and Aelira to follow her all the way home.
